## THE STATE OF NEW HAMPSHIRE

(L.S.)

To the Inhabitants of the Town of North Hampton in the County of Rockingham, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the New School Building on Atlantic Avenue in said North Hampton on Tuesday the Twelfth day of March, 1957 at one o'clock in the afternoon: Business meeting to begin at 7:30 P.M.; Polls not to close before 7:30 P.M.; To act upon the following subjects:

ARTICLE I. To choose one Selectman for three years, one Town Clerk, one Town Treasurer, one Collector of Taxes, and all necessary Town Officers for the ensuing year.

ARTICLE II. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

ARTICLE III. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.

ARTICLE IV. To see what action the Town will take regarding allowing a five per cent discount on taxes paid on or before a date which the Selectmen shall designate.

ARTICLE V. To see if the Town will vote to expend the sum of \$7,000.00 for the reconstruction of the Town Hall and Fire Station. \$4,000.00 from the Capital reserve fund and \$3,000.00 by taxation. To enlarge the present kitchen, and add to it two offices for the Selectmen. Also a central heating plant to be installed for the heating of the Fire Station, new addition and present Town Hall. To appoint the Selectmen a committee for that purpose, and to authorize the Trustees of Trust Funds to make payments from the Capital reserve fund when approved by the Selectmen.

ARTICLE VI. To see if the Town will vote to extend, for fire protection purposes, the existing water mains of the Hampton Water Works Company in the following areas: Southwesterly on Post Road, for a distance of approximately 4,000 feet; Westerly on Exeter Road, for a distance of approximately 850 feet; Northeasterly on Post Road, for a distance of approximately 700 feet; Easterly on Hobbs Road, for a distance of approximately 2,800 feet; and Northeasterly on Elm Road, for a distance of approximately 2,200 feet, or such portion thereof as funds appropriated will permit, and to install hydrants, one at the terminus and others along the new mains spaced at distances consistent with the usual and standard hydrant spacings on existing mains in the Town; the cost of such extensions not to exceed \$32,000.00; and to raise and appropriate for said purposes the sum of \$32,000.00, of which sum, not more than \$4,000.00 shall be raised by tax levy this year, and the balance shall be raised by promissory note or a bond issue of the town payable, with legal interest thereon, at the rate of \$4,000.00 annually until the balance is paid in full, or as otherwise voted; and to authorize the Selectmen and the Town Treasurer to borrow such balance as is not raised by tax levy this year, for said purposes and in the town's behalf, and to pay the lawful

interest thereon; and to authorize the Water Committee to make all necessary contracts and to take such action as is necessary to carry out the purposes of this vote.  
(By Petition)

ARTICLE VII. To see if the voters of the Town of North Hampton will vote to establish a permanent Board of Water Commissioners, such Board to have the following duties and responsibilities:

(1) To enter into contracts and to supervise extensions and improvements to the present water system owned by the Hampton Water Works Company within the Town limits and legally authorized by the legal voters in public meeting by virtue of Annual Town Meetings or specially and legally convened Town Meetings.

(2) To plan for improvements, extensions and alterations to said water system.

(3) To present to the legal voters of the Town of North Hampton at Annual Town Meeting, or especially convened Town Meetings, reports, both physical and financial, of these activities and recommendations, such reports to be in writing.

(4) To conduct all business relating to the aforesaid water system and in which the Town of North Hampton is concerned with the Hampton Water Works Company and/or other private or interested parties.

(5) To maintain records, files and plan records of the aforesaid water system including all relating correspondence, reports, recommendations contracts, plans and all Board meetings. Such records shall be maintained in a separate file in the Office of the Selectmen of said Town, shall be open to public inspection upon request of any legal voter of said Town, and shall become a

permanent record of all contracts, procedures and operations relating to the aforesaid water system.

(6) To prepare articles relating to the aforesaid water system for recommended work to be included in the annual Town Warrant or especially convened Town Meetings.

(7) To recommend to Town Warrant articles methods of financing of improvements, alterations and extensions and to include a realistic cost estimate of work recommended.

(8) To study the present aforesaid water system and to prepare a long range and comprehensive program for extension, improvement and alteration to insure that in due time all major and worthy areas of the aforesaid Town will receive adequate fire protection by virtue of an organized and properly conducted municipal water system.

(9) To elect, within themselves, by majority vote, a Chairman and a Secretary.

(10) To receive the legal petitions of not less than ten (10) legal voters of said Town relating to improvements, extensions, and alterations to aforesaid water system. Evaluate the need, urgency and priority of such requests and incorporate them, in proper sequence and priority, into a comprehensive development plan of the aforesaid water system.

(11) To hold, if legally petitioned by not less than ten (10) legal voters of said Town or determined necessary by the Board of Water Commissioners, and upon public posting in two public places within said Town limits, public hearings relating to legal petitions for alterations, improvements and extensions to aforesaid water system for publicly evaluating such requests and establishing priorities within a comprehensive develop-

ment plan of aforesaid water system. Notice of such hearings shall be publicly posted not less than 14 calendar days prior to the date of such hearings.

(12) To conduct any other business, investigations or work related to the aforesaid system whether mentioned herein or not upon authorization by the vote of the legal voters of said Town in Annual or especially convened Town Meetings.

Herein aforesaid Board of Water Commissioners to consist of five (5) members, four(4) of which shall be appointed by the Town Moderator, one (1) of which shall be the Chairman of the Board of Selectmen in said Town. Each appointed member shall be for the term of four (4) years and shall be a legal and registered voter of said Town.

The Town Moderator shall initially appoint four (4) members to the Board of Water Commissioners, one for a one-year term, one for a two-year term, one for a three-year term, one for a four-year term, after which one member shall be elected at the Annual Town Meeting for a four-year term. The Selectmen shall further appoint a temporary member to serve out the term of any member vacating his position on the Board.

The Budget Committee shall, in the preparation of the annual budget, budget in the proper category for the sum of \$50.00 annually for the use of the Board of Water Commissioners in the conduct of its duties and responsibilities. Such sums shall not be cumulative and unexpended balances occurring at the end of a fiscal year shall be returned into the General Fund. (By petition)

ARTICLE VIII To see if the Town will vote to raise and appropriate the sum of \$1,350.00 for the purpose of having the Clock in the Town Hall Tower completely reconditioned and electrified. The above figure

is based on a bid submitted to the Selectmen by the Howard Clock Co.

ARTICLE IX. To see if the Town will vote to add to the North Hampton Zoning Ordinance of September 17, 1946 the following additional section:

#### Section XV

#### Building Regulations

1. No building or structure shall be erected altered, rebuilt, substantially repaired, or remodeled, unless in compliance with the following:

a. Commercial Building: No building intended or designed to be used for industrial, commercial, or other public use shall be erected, altered or used for any purpose, unless noncombustible walls and partitions are provided between its component parts, and all outside doors to open out.

b. Exits: No building intended or designed for any public use or congregation of people shall be erected, altered or used for such purpose which does not provide adequate exits.

c. Garages: No public garage for the storage of five or more automobiles, or having any service or repair enterprises connected therewith shall be erected, altered or enlarged unless the building is so constructed or the proposed alterations, enlargements or extensions shall be of slow-burning or non-combustible material, except that the use of automatic sprinklers may obviate the use of such slow-burning or non-combustible material.

d. Roofs: No roof of any building shall be covered or recovered in whole or in part save with non-combustible or fire resistant roofing materials.

e. Fire-stops: No building of wood or other combustible material shall be erected, altered, remodeled or en-

larged without providing fire-stops in every combustible wall or partition, at every floor and between floor joints at every partition.

f. Chimney construction: No chimney shall be built erected or altered below the roof unless containing a tile or firebrick lining and with an iron cleanout door at or near its base and shall extend at least three (3) feet above the roof. Prefabricated chimney, approved by the Board of Fire Underwriters may be used. No chimney shall be built, erected or altered below the roof, having wood or other combustible material within one inch of the chimney and no chimney shall have its base resting on any floor or beams of combustible material.

g. Thimbles: No wallpaper or other combustible materials shall be laid over any thimble or thimble hole in any chimney.

h. Smoke pipes: No smoke pipe shall be installed or erected so as to be within twelve (12) inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded with a double collar of metal with air space of at least five (5) inches or at least five (5) inches of brick or other noncombustible material between the pipe and the combustible material.

i. Electrical Wiring: No electrical wiring shall be extended or installed in any building or in any reconstruction, alteration or remodelling of any building, unless such extension or installation shall comply with the regulations and amendments to regulations of the National Board of Fire Underwriters, known as the National Electric Code.

j. Foundations: All structures shall be set on solid foundations, brick, cement, stone, or other acceptable

masonry except that in special cases where buildings are to be used for accessory use, summer residence or camps, the Board of Selectmen may waive the requirements of this section and permit the use of wood, metal or masonry piers.

k. Sewerage: All dwellings and all commercial, public or industrial buildings shall be equipped with town sewer entrance, cesspool, septic tank, sanitary closet, or approved vault, subject to the approval of the State Health inspector.

l. Exceptions: The construction of small accessory buildings not used for living purposes, together with minor alterations, repairs and general upkeep of existing buildings, shall be exempt from the provisions of these Building Regulations.

m. Enforcement of these Regulations shall be by the Zoning Inspectors.

ARTICLE X. To see if the Town will vote to install a street light near the residence of Mr. Peter G. Brooks on South Road. (By petition)

ARTICLE XI. To see if the Town will vote to install a street light on Mill Road, on the curve between Pine Road and Atlantic Avenue, at or near the residence of Chester A. Parkhurst. (By petition)

ARTICLE XII. To see if the Voters of the Town will authorize the Selectmen to sell, in the best interest of the Town, the property on North Road and Cherry Road known as the Marston Field. Either in one parcel or in House lots. Money received from such sale or sales shall go into the Building Fund for future use to remodel existing Buildings, or for the construction of new buildings in the Town.

ARTICLE XIII. To see if the Town will vote to employ an additional fireman at the fire station and to raise and appropriate the sum of Thirty-one Hundred and Twenty (\$3,120.00) Dollars for this purpose. (By petition)

ARTICLE XIV. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the use of the Ground Observer Corps to improve the Observation Post which covers the area including North Hampton, to make it more efficient and also more attractive to a greater number of Observers so that it can bring its working personnel up to 100% strength. (By petition)

ARTICLE XV. To see if the Town will vote to install for fire protection purposes, a new water main from the existing main of the Hampton Water Works Company on Atlantic Avenue northerly along Mill Road a distance of not over six-tenths (6/10) of a mile to or towards the house of Edith M. Carlson, at a cost not to exceed \$15,000.00, and to install two hydrants thereon at a cost of \$90.00 each **per annum**; and to appropriate for said purposes a sum not exceeding \$14,000.00, together with the funds currently available in Capital Reserve Fund No. 2, of which sum not exceeding \$7,000.00 shall be raised by tax levy this year, and the balance by the note or bond issue of the Town payable with legal interest thereon in or within two years or as otherwise voted; and to authorize the Selectmen and Town Treasurer to borrow such balance and to make the necessary payments on such loan; and to authorize the Selectmen and/or Water Committee to make all necessary contracts and to take all necessary action required by this vote; and to authorize the Trustees of Trust Funds to make payments from said Reserve Fund for said purposes on the order of the Selectmen or Water Committee. (By petition)

ARTICLE XVI. To see if the Town will vote to make and adopt the following amendments to the North Hampton Zoning Ordinance, as adopted on September 17, 1946, and as amended on March 8, 1955, and March 13, 1956, namely:

1. Amend Section II of said Ordinance by adding at the end thereof a fourth or additional zoning district as follows:

**D. Residential Zoning District "B".** Residential Zoning District "B" shall include the following land:

All land bounded Northwesterly by the Post Road, Northeasterly by the New Road, and Southerly by Hobbs Road and by Atlantic Avenue.

Also all land of Walter vandenBergh and Ann vandenBergh abutting on the Post Road and lying on the north side of Walnut Avenue.

Also all land on the south side of Walnut Avenue between the Toll Road and Post Road, and extending Southerly from Walnut Avenue to land of Grace M. Moore.

Also all land on the northwest side of the Post Road from Walnut Avenue Southerly to and including the land of Jean G. Chevalier, and extending Westerly to land of Grace M. Moore and to land of Harrison W. Dalton and Eunice L. Dalton.

2. Further amend said Ordinance by adding at the end of Section XIV, thereof, as added by the amendment of March 13, 1956, the following new sections (numbers to be subject to change if required by any prior amendment):

#### Section XV.

#### RESIDENTIAL ZONING DISTRICT "B" USES

In Residential Zoning District "B", except in the case of uses lawfully existing at the time of the adoption of this amendment, and in the case of uses lawfully made

of existing buildings within the period of one year prior to the adoption of this amendment, no building or premises shall be erected, altered or used for any use except those permitted in Residential Zoning District "A" under Section XIII of this Ordinance.

## Section XVI.

### YARDS IN RESIDENTIAL ZONING DISTRICT "A"

**A. On Lot Lines and Highways.** In the Residential Zoning District "B" no building or part thereof shall be built or placed within twenty feet of any lot line, or any nearer to a highway than permitted in Residential Zoning District "A".

**B. Projections.** Nothing herein shall prevent the projections of steps, window sills, cornices, belt courses, and similar ornamental features into any required yard.

**C. Appurtenant Open Space.** No yard or other open space required for a building by this Ordinance shall during the life of each building be occupied by or counted as open space for another building.

## Section XVII.

### LOT SIZE IN RESIDENTIAL ZONING DISTRICT "B"

No dwelling, including its accessory buildings, in Residential Zoning District "B" shall hereafter be built or placed on any lot having an area of less than 20,000 square feet of land and 100 feet of frontage reserved for the use of such dwelling and its accessory buildings and the occupants thereof, exclusive of land reserved or used for any building not accessory to such dwelling, provided that one dwelling may be erected or placed on a lot containing less than 20,000 square feet of land or having a frontage of less than 100 feet, if at the time of the adoption of this amendment to the ordinance there

is no existing lawful building occupying over thirty percent of the area of such lot and the lot is under single or joint ownership. (By petition)

ARTICLE XVII. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred (\$1,200.00) Dollars to be used for mosquito control. (By petition)

ARTICLE XVIII. To see if the Town of North Hampton will vote to raise and appropriate the sum of Six Hundred (\$600.00) Dollars to establish and maintain and conduct a system of Public Recreation for the summer months, and in connection therewith to establish a Recreation Committee of not less than five members to be appointed by the Board of Selectmen.

To vote to authorize the Board of Selectmen to delegate to the Community Recreation Committee the power to administer and supervise the expenditure of said sum appropriated for said program and to employ a playground supervisor and assistants and to purchase such supplies and equipment as may be needed. (By petition)

ARTICLE XIX. To see if the Town will vote to raise and appropriate the sum of \$400.00 to be used in continuing an Elm tree sanitation program in connection with what ever money that may be available from the Alvin T. Fuller Fund for the control of the Dutch Elm Disease in North Hampton and Exeter. Said Fund being on deposit in the care of the Governor of New Hampshire and being administered by a special Elm Tree Committee of the State of New Hampshire and the Town of North Hampton as relative to said Town.

ARTICLE XX. To transact any other business that may legally come before the said meeting.

Given under our hands and seal this 21st day of February, in the year of our Lord nineteen hundred and fifty-seven.

(L.S.)

To the Inhabitants of the Town of North Hampton in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the New School Building on Atlantic Avenue in said North Hampton on Tuesday, the Eleventh day of March, 1958, at one o'clock in the afternoon: Business meeting to begin at 7:30 P. M.: Polls not to close before 7:30 P. M.: To act upon the following subjects:

ARTICLE I. To choose one Selectman for three years, one Town Clerk, one Town Treasurer, one Collector of Taxes, and all necessary Town Officers for the ensuing year.

ARTICLE II. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

ARTICLE III. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.

ARTICLE IV. To see what action the Town will take regarding allowing a five per cent discount on taxes paid on or before a date which the Selectmen shall designate.

ARTICLE V. To see if the Town will vote to extend, for fire protection purposes, the existing water main of the Hampton Water Works Company from the junction of Hobbs Road and New Road along New Road for a dis-

tance of approximately 1900 feet and install hydrants on said line spaced at distances consistent with standard hydrant spacings in the balance of the Town; the cost of such extension not to exceed \$6,200.00, of which sum, not more than \$2,000.00 shall be raised by tax levy this year and the balance shall be raised by promissory note with legal interest thereon payable at the rate of \$2,000.00 annually until the balance is paid in full, or as otherwise voted. (By petition) *Passed*

ARTICLE VI. To see if the Town will vote to raise and appropriate the sum of six hundred (\$600.00) dollars to maintain and conduct a system of public recreation for the summer months, and in connection therewith to establish a recreation committee of not less than five members to be appointed by the Board of Selectmen.

To vote to authorize the Board of Selectmen to delegate to the Community recreation committee the power to administer and supervise the expenditure of said sum appropriated for said program and to employ a playground supervisor and assistants and to purchase such supplies and equipment as may be needed. (By petition)

ARTICLE VII. To see if the Town will authorize the Selectmen to negotiate with the New Hampshire Department of Public Works and Highways to determine whether or not the state will improve the road leading across the Green, so called, by widening the existing road to a width of 22 feet with three-foot shoulders on each side and removing approximately ten maple trees on the north side of said road and to authorize the Selectmen to take whatever action is necessary in order to permit the highway reconstruction.

ARTICLE VIII. To see if the Town will vote to form a Municipal Budget Committee of nine (9) members; said Committee to consist of one member of the Board of Selectmen, one member of the School Board, one mem-

ber of the Board of Commissioners of the Little Boar's Head Village District, and six members-at-large to be appointed by the moderator, a majority of whom shall be property tax payers; two of the members-at-large to serve three years and until their successors are elected or appointed and qualified.

ARTICLE IX. To see if the Town will vote to accept as a public highway the road, as approved by the Planning Board, forty (40) feet in width, running easterly from Post Road for a distance of ten-hundred and forty-seven (1047) feet, more or less, on the property of Grayce M. and Christopher D. Moore, with four (4) houses being located thereon, and terminating in a loop, such acceptance to take effect upon the completion of the paving thereof to a width of thirty (30) feet, meeting the approval of the Selectmen and Road Agent. (By petition)

ARTICLE X. To amend existing zoning ordinance to provide airport approach area regulations.

An amendment of the zoning ordinance regulating and restricting the height of structures and objects of natural growth and otherwise regulating the use of property in the vicinity of the Hampton Airport by creating airport approach areas and establishing the boundaries thereof; defining certain terms used herein; (providing for enforcement); (establishing a Board of Appeals); and (imposing penalties). (The last three items not needed if already provided for).

To see if the Town will vote an amendment to the zoning ordinances to provide zoning protection to the Hampton Airport, as described in sections 1 thru 11 and shown on the Hampton Airport Approach Plan dated 5-15--56. In pursuance of the authority conferred by Chapter 51, of the Revised Laws and for the purpose of promoting the health, safety and general welfare of the

inhabitants of North Hampton, by preventing the creation or establishment of airport hazards, thereby protecting the lives and property of the users of the Hampton Airport and of occupants of land in its vicinity and preventing destruction or impairment of the utility of the Airport and the public service it provides.

The following amendment of the zoning ordinance is hereby adopted by the legal voters of the Town of North Hampton, as follows:

**Section 1. Definitions.** As used in this ordinance, unless the context otherwise requires:

- (1) "Airport" means any area of land or water, whether constructed or not, which has been approved by the director as a site for the landing and taking off of aircraft or utilized or to be utilized by the public as a point of arrival or departure by air.
- (2) "Approach Area" means an area having dimensions of 300 feet in width at a point 200 feet from end of the landing strip and flares to 2250 feet in width at a distance of 10,200 feet. The center line of this approach area shall coincide with the center line of the landing strip extended.
- (3) "Airport Hazard" means any structure, tree, smoke, steam, dust or other substance which obstructs the aerial approaches of an airport or impairs the reasonable visibility in the vicinity thereof, electrical impulses and disturbances which interfere with radio aids or communications and lights which might result in glare in the vision of pilots of aircraft or be confused with airport lights.
- (4) "Non-conforming Use" means any structure, tree, or use of land which does not conform to a regula-

tion prescribed in this ordinance or an amendment thereto, as of the effective date of such regulations.

- (5) "Person" means any individual, firm, co-partnership, corporation, company, association, joint stock association or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.
- (6) "Structure" means any object constructed or installed by man, including such objects although regulated or licensed by other provisions of law.
- (7) "Tree" means any object of natural growth.

**Section 2. Areas.** In order to carry out the purposes of this amendment all of the land within the boundaries of the approach areas and all of the land within a distance of 8000 feet from the airport reference point shown on the Hampton Airport Approach Plan dated 5-15-56, which is attached hereto and made a part hereof, is hereby declared subject to the restrictions of this amendment.

**Section 3. Height Limits.** No structure or tree shall be erected, altered or allowed to grow within the areas described in section 2, hereof, above a slope ratio of 20 feet to one foot measured from a point 200 feet from the end of the landing strip served by an approach area or above a slope ratio of seven feet to one foot measured from the side of the landing strips and the approaches, or within a distance of 5000 feet from the airport reference point above a height of 150 feet above the airport elevation, or above a slope ratio of 20 feet to one foot between 5000 feet and 8000 feet from the airport reference point, except that the Board of Appeals shall have the power to grant a variance of this regulation where literal application or enforcement of the same would re-

sult in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this regulation.

**Section 4. Use Restrictions.** Notwithstanding any other provisions of the zoning ordinance, no use may be made of the land described in section 2, hereof, in such manner as to create electrical interference with radio aids or communications between the airport and aircraft, make it difficult for flyers to distinguish between airport lights and others, result in glare in the eyes of flyers using the airport, impair visibility in the vicinity of the airport by the creation and discharge of smoke, steam, dust or other obstructions to visibility or otherwise endanger the landing, taking off, or maneuvering of aircraft.

**Section 5. Non-conforming Uses.** The regulations described in section 3 and 4 of this amendment shall not be construed to require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations as of the effective date hereof, or otherwise interfere with the continuance of any non-conforming use. Nothing herein contained shall require any change in the construction alteration, or intended use of any structure and the construction or alteration, of which was begun prior to the effective date of this amendment, and is diligently prosecuted and completed within two years thereof.

**Section 6. Variances.** Any person desiring to erect any structure or increase the height of any structure, or permit the growth of any tree, or use his property, not in accordance with the regulations prescribed in this amendment, may apply for a variance therefrom. Such variance shall be allowed where a literal application of enforcement of the regulations would result in practical

difficulty or unnecessary hardship and the relief would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this amendment.

## **Section 7. Permits.**

- (1) **Future Uses.** No material change in violation of sections 3 and 4 hereof shall be made in the use of land, and no structure or tree shall be erected altered, planted, or otherwise established in violation of sections 3 and 4 hereof in any of the areas of land described in section 2 hereof, unless a permit therefor shall have been applied for and granted. Each such application shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit applied for shall be granted.
- (2) **Existing uses.** Before any existing use, structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, within any of the areas of land described in section 2 hereof, a permit must be secured authorizing such replacement, change or repair if it is in violation of sections 3 and 4 hereof. No such permit shall be granted that would allow the establishment or creation of an airport hazard or permit a non-conforming use, structure, or tree to be made or become higher, or become a greater hazard to air navigation, than it was on the effective date of this ordinance or than it is when the application for a permit for replacement, change, or repair of existing use, structure, or tree shall be granted.

**Section 8. Hazard Marking and Lighting.** Any permit of variance granted under section 6 or 7 may, if such action is deemed advisable to effectuate the purposes of this amendment and reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the Hampton Airport at its own expense, to install, operate and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

**Section 9. Severability.** If any of the provisions of this amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not effect other provisions or application of this amendment which can be given effect without the invalid provision or application, and to this end the provisions of this amendment are declared to be severable.

**Section 10. Airport Plan.** A copy of said Airport Approach Plan shall become a part of the zoning map of the Town of North Hampton.

**Section 11. Effective Date.** This amendment shall take effect upon adoption. (By petition)

**ARTICLE XI.** To see if the Town will vote to extend, for fire protection purposes, the existing water main of the Hampton Water Works Company on Locke Road, Little Boar's Head Precinct, a distance of nine hundred feet; and to raise and appropriate for said purpose the sum of \$2,000, the balance of \$1,000 to be paid for by the abutters. (By petition)

**ARTICLE XII.** To see if the Town will vote to raise and appropriate the sum of twelve hundred (\$1,200.00) dollars to be used for mosquito control. (By petition)

**ARTICLE XIII.** To transact any other business that may legally come before the said meeting.

Given under our hands and seal this 19th day of February, in the year of our Lord nineteen hundred and fifty-eight.

GEORGE A. CRAIG,  
PAUL W. HOBBS,

## FOREST FIRE WARDEN'S REPORT

---

To the Citizens of the Town of North Hampton:

The Forest Fire Warden and his deputies would like at this time to express their appreciation for the cooperation that you have given us in helping to prevent forest fires during the past season.

We are looking forward to the same cooperation in the future and hope that the people will continue to obtain their fire permits before burning and report all fires.

Respectfully submitted,

HARRISON W. DALTON,  
Fire Warden.

Deputies

Walter Purington  
Reginald Wright

Raymond Hobbs  
Joshua Drake

## REPORT OF THE FIRE DEPARTMENT

---

To the Voters of the Town of North Hampton:

The Department consists of three (3) permanent firemen for a twenty-four (24) hour coverage and twenty-seven (27) voluntary men.

The Department was called forty-one (41) times for assistance, which included six (6) out-of-town calls on woods fires for 1957.

The Department is an active member of the Interstate Emergency unit with headquarters at the Portsmouth Fire Department.

On September 14 and 15 of 1957, ten (10) members of the department attended the all day Fire School at Meadowood, N. H. sponsored by the Fire Chiefs Club of New Hampshire.

HARRISON DALTON,  
Elected Chief

CURTIS MARSTON,  
Appointed Chief July 1

## RECREATION COMMITTEE REPORT

---

During the past Summer (1957), an eight week recreation program was conducted at the North Hampton School Playground under the supervision of Robert L. Luther. The program was divided into two sessions, a morning program that lasted from 9:00 A. M. until 12:00 Noon, and an afternoon program that lasted from 1:00 P. M. until 3:00 P. M. During the morning program arts and crafts, organized games, physical exercises, and such special events as track meets, carnivals, outings and contests were held. The afternoon sessions were primarily devoted to baseball and softball for various groups.

The program was conducted five days a week (Monday through Friday). The daily average attendance for the eight week program was over fifty (50) boys and girls per day. It is felt that the program was a success and accomplished what it was intended to do. This was an experimental year, being the first year that a recreation program was conducted with salaried supervision, and as such, future programs should continue with gradual expansion and with the same degree of success.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Committee and Citizens  
of the North Hampton School District:

It is a pleasure to submit my second annual report as Superintendent of Schools. The past year has been an active one; the rapid growth of this Seacoast region has compelled us all to extraordinary efforts to meet the needs of our growing school population. Furthermore, we have tried not only to provide for the minimum necessities, but also to make improvements in the quality of our staff and in our educational programs.

The Seacoast area presently exhibits one predominant characteristic — growth. It has grown in population and in wealth. Present indications are that this trend will continue. Concomitant with growth in communities one expects to find increased needs for public services and, inevitably, increasing costs for such services.

The School Districts of this Supervisory Union have, in the main, been forced to construct new schools to house their growing enrollments. For the moment, we are over the hump as regards this problem. We can be proud of our excellent new buildings which represent distinct improvements in community investment. Unless present trends towards growth are reversed, however, we shall have only a brief breathing space. Within two to three years additional facilities will again be needed in many of the districts.

Federal Aid for school construction under Public Law 815 has been of material assistance to most of our districts. Federal Aid for the operation of schools under

Public Law 874 is also a major factor in defraying costs and in holding down the amounts of money to be raised by local taxation. In the Union as a whole our estimated income from Public Law 874 amounts approximately to \$100,000.00 for the coming school year.

There was a serious effort made in the last session of Congress to eliminate both of these Bills. Should a similar effort succeed during the present session, we would suffer a major blow in nearly every school district. We have estimated full receipts under the existing statute but this expires June 30, 1958. If by March we know that this legislation has been extended it will be necessary to ask for an appropriation larger than that now presented in our budget. It behooves every citizen to make known to our representatives in the Congress that we need to have maintained the system of payment by the Federal Government for pupils coming into our community as a direct result of Federal activities.

The New Hampshire Legislature in the last session enacted legislation which helps in meeting the cost of debt service. Single school districts formerly received state funds to the amount of 20% of the principal of debt incurred for capital investments. The state's share has now been increased to 30% for such districts and to 50% for those districts which join to form twelve-year cooperative school districts. State Aid for the operation of schools was also increased but only two of the Districts in this Union have valuations low enough to qualify for this form of assistance.

To staff our schools for the year beginning in September 1957 it was necessary to engage 52 new teachers, a larger number than any Supervisory Union in the state, including the cities, had to hire. To start with, we needed 20 additional teachers; next, we found it

necessary to discontinue the services of 10 faculty members, the balance represented turnover because of personal circumstances. 10 of these teachers were lost because we could not offer adequate salaries; they accepted other positions at an average increase of approximately \$600.00.

We began the school year in September 1956 with an instructional staff of 101 full-time persons. In September 1957 this had risen to 119. In September 1958 we will need at least 139 faculty members. Except for a few of our New Hampshire cities this will make our Union the largest educational organization in the state.

The following tabulation shows some interesting relationship:

#### ANTICIPATED FOR 1958 — 1959

Union No. 21	8	139	3,000	11
--------------	---	-----	-------	----

The growth of our Union has created a growing problem in handling the administrative and supervisory duties of the Superintendency. Despite our overall growth in school personnel the Superintendent's staff has been increased only by the addition of a half-time clerk. The following tabulation shows the staff that has been provided:

Year	Supt.	Help Teach.	Exec. Asst.	Sec.
1954 — 1955	1	1	1	1
1955 — 1956	1	1	1	1½
1956 — 1957	1	1	1	1½
1957 — 1958	1	1	1	2

The provision of three full-time persons on the secretarial and clerical staff has solved our problems at that level. The Helping Teacher and the Superintendent, however, cannot reasonably meet the needs in supervision and in administration under the present load. With the addition of the Cooperative secondary

School District to the Union there are now eight school committees with twenty-six members.

The Supervisory Union School Committee is cognizant of the problem and is studying ways of alleviating it. Either the provision of an assistant superintendent or reorganization of the Union administrative structure is needed. No solution has been found at this time which will permit any change in conditions for the coming year beginning July 1, 1958.

We shall again need to hire a large number of teachers. There will be at least 18 additional teachers needed. Some turnover is inevitable. Conservatively estimated, our minimum needs will fall between 30 and 40 new teachers. In order to attract suitable teachers we must offer salaries as good or better than those which will be offered in northern New England.

Last year our minimum salaries of \$3000.00 in all of our districts but Seabrook and Rye made it nearly impossible to hire beginning teachers. We could hire none from Plymouth Teacher's College because the students flatly refused to consider any salary below \$3200.00. In some of our districts we had an advantage in hiring experienced teachers because our salary schedules offered a greater range than that found in some other New Hampshire communities.

This year is a critical one with regard to salaries. The School Committees have recognized this by raising minimum salaries. The new minimums range from \$3,200.00 to \$3,400.00 in the elementary districts. In raising a minimum it is only equitable to increase the salaries of older teachers by the amount of increase. This is not only equitable but is a matter of necessity this year because other communities in New Hampshire are doing so. We would lose our advantage in hiring

experienced teachers if we did not give our teachers now on the staff the benefit of the increase in the minimum.

It must be recognized that a \$3400.00 minimum will, at best, put us on a basis equal to, but not ahead of many New Hampshire communities and those in bordering states with which we have to compete for teachers. Minimums of \$3400.00 will be common, some are already set at \$3500.00 and \$3600.00. An explanation of this problem should help you as voters of the District to realize the reasons which compelled your School Committee to ask for larger budgets in order to raise salaries.

The situation with regard to teacher's salaries will not change in succeeding years. The problem is one of simple economics. Teaching, which has always been an under paid profession, does not look attractive to young men and women when they know of earnings in other occupations. No adequate plans for forestalling the obvious shortage of teachers were undertaken at state and national levels following World War II. As our school populations have grown teachers have remained in short supply. Salaries, therefore, have risen and will continue to rise until the supply of teachers is markedly increased.

Many statistics are published to prove the relatively low earning power of teachers. One statistic is enough to cite, as far as I am concerned. The state wage rate for building laborers, who need no education or experience, is \$2.50 per hour at present, or \$100.00 per week without overtime. Much is often made of the fact that the teacher's work year is only 10 months. This is not a significant argument; those teachers who are able and willing to work in the summer can earn, on the average, only \$500.00 to \$600.00 for the season.

To do so, in many instances, they must work at jobs which contribute nothing to their improvements as teachers.

I have devoted space to the foregoing considerations because of their critical importance at the present time. These matters are of common interest to the citizens of all of the School Districts of the Union. They apply with equal force in every District. The efficient functioning of our schools and the effective conduct of education in our classrooms is the matter at issue.

Before turning to matters concerning individual districts there is one educational program which again concerns all. This is the class for intellectually retarded pupils established last fall at the North Hampton Elementary School. We were fortunate in securing the services of an experienced teacher. The class has proved to be successful not only in our opinion, but in that of many impartial observers who have visited the class. We are indebted to the State Committee on Social Education and to the Trustees of the Spaulding Fund for technical advice and financial assistance in the preliminary work done during the past year which enabled us to make a sound selection of pupils.

As was indicated in my report last year there is a clear need for two such classes in our Union. With a second class in operation, it seems probable that we can provide for pupils who have special instruction without adding a third class for some time. North Hampton can furnish a classroom for another year; Hampton can provide the second classroom in what was its High School building. At the annual budget meeting in December 1957 the Union School Committee voted to recommend to all Districts that sufficient funds be included in their budgets to provide for two classes.

Several changes occurred in our faculty this year. Our new teachers have succeeded well and have worked co-operatively with their colleagues who continued on the staff. Although teacher morale has been good in North Hampton in previous years, an even better level of morale has been attained this year. The children of the school are served by a faculty devoted to its task and willing to undertake extended programs that will be beneficial.

The school suffered a real loss in October when Principal Clarence Green was promoted to position of Helping Teacher for the Supervisory Union. We were fortunate, however, in being able to secure the services of Mr. Walter Brown of the Hampton High School faculty as the new Principal. Mr. Brown has previously had experience as an elementary school principal. The transition from Mr. Green's leadership to that of Mr. Brown was accomplished smoothly and efficiently. The school continues to be in the hands of a superior Principal.

Classroom instruction continues to be thorough and efficient. The programs in Art and Music continue to yield benefits for pupils. We hope to be able to make constant improvement in both programs. Our school nursing service is greatly improved since Mrs. Mansourian now has only Rye and North Hampton to serve instead of having to spread her work thinly over six school districts. Perhaps the most notable addition to our curriculum has been the provision for instruction of children of superior academic aptitude referred to previously in a general way.

North Hampton has a percentage of these children much above the normal distribution to be found in typical American communities. All the more then we should do what we have begun to do for them. The outcome of this program will be carefully evaluated this

year and next, and every opportunity sought to make improvements. We should greatly appreciate the extra efforts made by our teachers, and the Principal in establishing the program.

The physical education and athletic programs have been expanded and enriched. A well organized league has been established within the Union in order to schedule games in each season of the year. Definite policies and regulations control both practice and the playing of games. The School Committee took a forward step in providing budgeted funds for transportation by bus to out-of-town events. The safety of our children is thus insured to greater degree than when transportation is provided in private cars.

Enrollments have not grown so rapidly as was anticipated two years ago but signs point to accelerated growth during the remainder of the year. We shall need to divide the seventh grade next fall and consequently to hire one additional teacher. In the following year the eighth grade will need to be divided and at that time all of our classrooms will be in use.

The other Districts of the School Union appreciate the kindness of the people of the North Hampton District in allowing the use of a classroom for the Union Special Class. This class will continue to be in our building next year, but other quarters will have to be found in the year following.

Last year the School Committee requested me to obtain a generator through the State Department of Education which could be used as an auxiliary electrical plant for purposes not only of the school but for Civilian Defense. I was able to get a generator, without charge, which would ordinarily have cost approximately \$8,000. Mr. Lawrence Hackett of Hampton generously transported it, also without charge, from Manchester to his

garage for storage until arrangements could be made for installation. Through his kindness it is now at the school, permanently located.

Mr. Harold Campbell of the School Committee has devised a method of installation and operation. The generator will make it possible to maintain heat, light and refrigeration in a limited area of the school so that emergency hospital services can be provided. A small appropriation is requested in the budget for installation; it would seem only good judgment to make use of this expensive equipment.

The School Committee has recognized the critical situation caused by the acute shortage of teachers and has established a new minimum salary of \$3,200.00. The Committee also realizes that the benefit of such an increase in the starting salary should be given to the teachers now on the staff. At \$3,200.00 we shall still not be in a competitive position with regard to hiring beginning teachers since many other school districts have set new minimums ranging from \$3,400.00 to \$3,600.00. It is hoped, however, that we may be able to hire experienced teachers at a higher level on the salary schedule. The increase in teachers' salaries is necessary and unavoidable unless we were, in this year which is a critical one, to give up in the competition for securing new teachers as we need them.

The most obvious change in the North Hampton School is the addition to the building. Construction of the seven new rooms was undertaken as early as possible in the spring with school still in session, accelerated during the summer, and completed except for minor finishing, on schedule for the opening of school. This is an unusual accomplishment these days.

Appreciation should go to the architects, Tracy and Hildreth of Nashua and the Charles Construction Com-

pany of Methuen, Massachusetts for their efficiency and cooperativeness. The Building Committee also deserves appreciation for their conscientiousness. Particular appreciation should be given to Mr. A. J. Glossa, Chairman of the Building Committee for giving of his professional knowledge while serving as Clerk of Works without compensation. Our head custodian, Mr. George Craig also deserves praise for his patience and fortitude in accommodating to the many extra burdens put on him during the construction.

We should recognize a debt of gratitude also to those agencies of the Federal Government and the persons representing them who made it possible for the District to receive \$52,000.00 of Federal Funds. Percentage wise this is a larger sum than any of the other school districts in the Union have received. 60% of this amount has been received at this writing; the remaining 40% should be paid before the end of the school year.

Renovation of the school kitchen has also been accomplished. This work was intentionally deferred until the Christmas vacation. It is now possible to handle food preparation more efficiently than heretofore.

I have been fortunate during the year to have intelligent assistance and loyal support from many of my colleagues and fellow-workers. My obligations to teachers and other staff members are too numerous to list them here. For their help I am deeply appreciative.

May I also express my appreciation to the members of the School Committee and to other citizens of the District for their readiness to work on behalf of our school children.

Respectfully submitted,  
EDWARD CHANDLER MANNING,  
Superintendent of Schools

## REPORT OF SCHOOL NURSE

---

As School Nurse, I have worked in the North Hampton School one day each school week from January through June, and then two days a week.

All children were given general inspection which consists of: weighing and measuring, checking hair, tonsils, teeth, skin and posture. Vision testing is done annually on each pupil. The Snellen "E" chart is used on the younger children and the Telebinocular eye machine on the older ones.

The Maico Audiometer, hearing machine is also being used at the school. Dr. Charles Bailey, school physician, gave a thorough physical examination to each pupil in both first, fourth and seventh grades. Also all boys and girls who are participating in sports.

A Polio clinic was held on December 5th, for first, second and third shots. A total of 150 were given Salk vaccine.

Many thanks to everyone who assisted me in any way during the school year.

Classroom visits are made weekly. Home contacts are made as necessary and a total of 158 were made during the past year.

Respectfully submitted,

JESSIE MANSOURIAN, R. N.
